

FALEECE JACKETS

Description

The Women’s Carhartt Medical Rugged Flex Modern Fit Bonded Fleece Jacket is an ideally affordable womens jacket from a brand you can trust for all of the best technology, durable and dependable products, and a fit and comfort like no other. The two large front patch side-entry pockets have a hidden compartment to store your cell phone in, the front patch pocket on the wearers left proudly features the classic Carhartt logo, plus there is an exterior welt zip pocket on the wearers left chest for storing smaller items securely. The jacket is a full front zip with a Carhartt logo zipper pull with a chin guard at the top of the zipper for comfort. It also features ribbed sleeve cuffs so you could pull you sleeves up if needed and they would stay put. The bungee ID loop is placed smartly along the shoulder seam so that you can use it if needed, but it goes virtually unnoticed if not in use. This womens jacket has earned the Rugged Flex stamp of approval with the perfect amount of stretch, and is treated with the popular and reliable HEIQ ECO DRY technology for an eco-friendly and durable water repellency that encourages the fluid to bead up and roll off before it gets the chance to soak in. The bonded fleece is comfortable and rugged while also being fashionable. Read More
